Subject: Kidde AEGIS™ Architect & Engineer (A & E) Specifications

KIDDE AEGIS A & E SPECIFICATIONS ARE NOW AVAILABLE!!!

As a way to both outline the requirements of a product and promote its unique feature-set and capabilities, Architect & Engineer Specifications for systems and products remain an effective competitive tool in the fire protection industry.

As promised during the successful launch of the AEGIS control unit, Kidde Fire Systems is pleased to announce that the AEGIS Architect & Engineer Specifications are now available for download from our website www.kiddefiresystems.com. The Kidde Protect-Spec CD-ROM will also be updated to include the AEGIS specs, in addition to the wealth of information on Kidde systems and products packed into the CD.

Our success depends on your success. As such, we are committed to providing you with the necessary tools to make your business with us a successful one. The marketing team in Ashland is ready to assist you in any way we can and eager to listen to your product related needs.

We thank you for your continued business.
