

BULLETIN

#16-43K

Date: September 22, 2016
To: All Kidde Fire Systems Domestic Distributors
From: Shelley DePuy, Director of Sales
Subject: Distributor Agreements

IMPORTANT – ACTION REQUIRED

As an authorized Kidde Fire Systems Distributor, we need your help to comply with a recently rolled out policy requiring all UTC affiliates, including Kidde Fire Systems, to have written distributor agreements in place. To accomplish this objective, please find attached below the following documents for your review and consideration: UTC's Code of Ethics, UTC's Supplier Code of Conduct, Distributor Questionnaire and Distributor Certification.

Your cooperation in reviewing the Code of Ethics and Code of Conduct and then completing the Questionnaire and Certification would be greatly appreciated. Once complete please return via email to David.Barry@fs.utc.com.

Once the Questionnaire and Certification are reviewed and the required due diligence is finalized we will send a written distributor agreement to you for your review and consideration. We trust that you will understand and agree that this process to clearly document the terms under which we conduct business will benefit both of our companies.

Please do not hesitate to contact me directly should you have any questions or concerns. Your consideration in this important matter is greatly appreciated.
