To: Kidde Fire Systems Distributors – Engineered & Pre-Engineered
From: Abhay Nadgir, Product Management
Subject: Kidde 2017 Price Lists

IMPORTANT INFORMATION
Please share with Sales, Service and Technical Staff

Please be advised that our 2017 Price Lists effective January 3, 2017 are available for immediate download from the Distributor Extranet section of the [Kidde Fire Systems](#) website.

The new Price Lists reflect a minimal, 1.5% increase on list prices for the vast majority of core Engineered Suppression, Pre-Engineered Suppression and Detection-Alarm-Control products. Some very low volume parts, where we have been unable to absorb the cost increase completely, have higher increases.

As a reminder, Kidde Fire Systems has had no substantial price increases over the past 2 calendar years.

The following price lists are now available:

- Kidde Full Line Distributor Price List (includes Engineered & Pre-Engineered price lists)
- Kidde Engineered Distributor Price List
- Kidde Pre-Engineered Distributor Price List
- Kidde Low Pressure CO2 Price List
- Kidde Marine Price List
- Kidde Vehicle System Price List
- Badger® Portable Fire Extinguishers Price List
- Legacy Fenwal Price List
- Legacy Chemetron Price List
