

#2021-71K

Date: December 16, 2021
To: All Engineered and Pre-Engineered Systems Distributors
From: Product Management
Subject: Announcing 2022 Price Lists

IMPORTANT PRODUCT PRICING INFORMATION

Kidde Fire Systems announces the availability of the following 2022 Price Lists, effective January 1, 2022, for immediate download via the [Distributor Extranet](#) area of kiddefiresystems.com.

While chemical clean agent prices are changing (see bulletin 2021-69K), for other products including chemical clean agent hardware, we have held our prices to November 1, 2021 levels with a few spot increases on minor and/or low volume parts, including legacy items.

Primary part number changes and additions are noted below and highlighted in the applicable price list.

1. Full Line Distributor Price List
 - a. ADS™: Advanced Delivery System for clean agents – Land & Marine
 - New HFC-227ea agent & bulk tank part numbers (refer bulletin 2021-69K)

2. Engineered-Only Distributor: All tabs listed above except KWDC
3. Pre-Engineered Distributor: KWDC, PDAC & PFX (as noted above)
4. MFA Price List: Now included in the Full Line/Engineered Distributor Price List, Legacy tab
5. SBD Price List: Now included in the Full Line/Engineered Distributor Price List, Legacy tab

Lead times:

Please note that the 2022 price lists reflect our standard lead times for typical single zone systems. These lead times are subject to change for large quantity orders and also due to the highly dynamic nature of ongoing global supply chain disruptions.
