

Badger

Fire Protection

Water

Badger's high-pressure water extinguisher is ideal for common combustible materials such as trash, wood, and paper.

This nontoxic, ozone-friendly stored pressure extinguisher makes it the perfect choice for apartments, storerooms, schools, offices, dry-goods stores, and theaters.

Badger's pressurized water fire extinguisher performs better, lasts longer, and offers the best value in the extinguisher industry and is the number one choice for virtually all hazards where class A-type materials may be present.
