

Automated Valves & Flow Meters for Process Industries Since 1983

We make **Valve Automation** Easy!

Compact, Fast Acting On/Off Valves

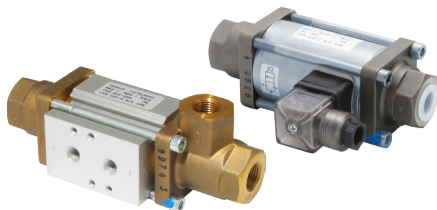

Angle Valves

- Integrated Pneumatic Actuator
- Spring Return or Double Acting
- High Cycle Life
- NPT or Tri-Clamp
- Bronze or Stainless Steel
- 3/8" to 2"

VA Series

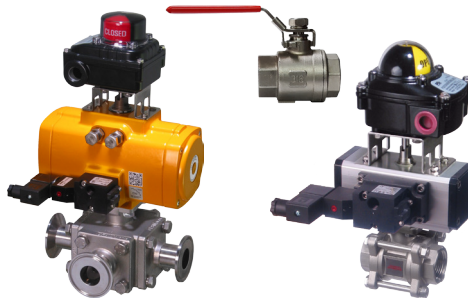

- Integrated Pneumatic Actuator
- Spring Return or Double Acting
- High Cycle Life
- NPT or Tri-Clamp
- Nickel Plated Brass
- 3/8" to 2"

VAX Series

- Electric or Pneumatic
- Brass or Stainless Steel
- 2-way or 3-way
- 3/8" to 1"

Ball Valves

End Connections

- NPT Threaded
- Tri-Clamp
- ANSI Flanged
- Socket Weld

Body Materials

- Stainless Steel
- Carbon Steel
- Brass & Lead Free Brass
- Teflon Lined
- PVC & CPVC

Functions

- 2-way On/Off
- 2-way Modulating
- 3-way (L or T port)

Butterfly Valves

Types

- Resilient Seated
- High Performance

End Connections

- Wafer Flange
- Lugged Flange

Body Materials

- Ductile Iron
- Carbon Steel
- Stainless Steel
- Teflon Lined
- PVC & Polypropylene

Functions

- On/Off
- Modulating

Your automated valve assemblies will be built, tested, and delivered, complete with valve, actuator, and accessories including:

Actuators

- Pneumatic (spring return)
- Pneumatic (double acting)
- Electric (NEMA 4/4X weatherproof)
- Electric (NEMA 7 explosion proof)
- Manual Levers

Accessories

- NAMUR Solenoid Valves
- Limit Switches
- Positioners
- Thermal Shutoff

Plus These Specialty Valves & Flow Meters:

- Plug Valves
- Emergency Shutoff Valves
- Custom Valves of All Types
- Digital Flow Meters
- Mechanical Flow Meters

Thanks for visiting our web site!

Please print this document for your files.

If you DO NOT scale the document, you will end up with 4 standard size business cards.

Once the document is printed, cut on the solid gray lines, and fold on the dotted lines.
